

The Leys Eco-Code

We care about living more *sustainable* lives...

... so we will:

- 👣 **Reduce** the amount we use
- 👣 **Re-use** when possible
- ♻️ **Recycle** things that can be recycled
- ☯️ Buy **fairer** – ethically when we can

Eco-Factoid

Every year in the UK we use **13 billion steel cans** which if placed end to end, would stretch to the moon **three times!**

Source: *Steel Can Recycling Information Bureau*

Give her a hand with this astronomical task – **recycle!**
